## INSIDE

- Expert Lectures
- Industrial Visit
- Sport Activities
- Cultural Activities
- Faculty Achievements
- Student Achievement
- Editor Desk

I am thrilled to introduce the very volume third issue second of the Computer Engineering Departmental Newsletter. This publication is a reflection of the vibrant academic and extracurricular activities that have taken place in our department from January to April 2024. It also highlights the remarkable achievements of both our esteemed faculty and talented students.

Throughout the semester, we have organized a series of guest lectures and industrial visits, aimed at broadening the horizons of our students and providing them with practical insights into the ever-evolving field of computer engineering. These events are part of our continuous efforts to bridge the gap between academic knowledge and industry practices.

Understanding the importance of career readiness, we have also implemented comprehensive pre-placement training programs for our final-year students. These sessions are designed to equip them with the necessary skills and confidence to excel in job interviews and embark on successful careers.

The Department of Computer Technology is unwavering in its commitment to fostering the all-round development of our students. We believe that by providing a well-rounded educational experience, we are preparing them not just for their first jobs, but for long and fulfilling careers in the tech industry.

As we move forward, we are always open to feedback and suggestions. Your input is invaluable as we strive to continuously improve and provide the best possible educational experience for our students. We greatly appreciate your support and look forward to your continued engagement with our department.

## VISION

“To become a center of excellence in computer engineering fields to impart technical education in rural area.”

## MISSION

- To provide practical oriented technical education to the students to enhance skill in designing, developing & testing software.
- To provide exposure to the student about latest technology in the area of information technology by various training program to enhance students competitive skills.
- To generate teamwork and professionalism among the student

## Expert Lecture

Attention span and the way of grasping knowledge for students have also been changing for some time now. One of the most effective and evergreen methods in Education Institutions is Expert lectures

**Expert Lecture by Mr. Bhandare P.S, Expert Lecturer, HOD of department computer engineering at SVERI's college of engineering (poly.), on "Java Programming" on date 21-02-2024**

The Computer Engineering & Information Technology Department is pleased to announce an expert lecture on "Java Programming" by the esteemed Mr. Bhandare P.S. This insightful session is designed to provide students and faculty with a deeper understanding of Java, a powerful and versatile programming language that plays a crucial role in modern software development.

**Expert Lecture by Mr. Shinde S.M, Lecturer of department of computer engineering & sciences at SVERI's college of engineering, on "Network & information Security" on date 01-03-2024**

The Computer Engineering & Information Technology Department is proud to announce an expert lecture on "Network & Information Security," presented by the renowned Mr. Shinde S.M. This event aims to provide participants with a comprehensive understanding of the latest trends, challenges, and solutions in the field of network and information security, a critical area in today's digital landscape. Mr. Shinde has contributed to several significant security projects and is known for his practical approach to solving complex security issues.

## Industrial Visit

During the Industrial Visits, students get to learn how professionals perform at work and they implement certain industry-specific concepts such as Problem analysis, current advance technologies, Quality assurance, Development, etc .

**Industrial Visit to ProAzure software solutions pvt. Ltd., on date 12-10-2023**

The Computer Engineering & Information Technology Department recently organized an insightful industrial visit to ProAzure Software Solutions Pvt. Ltd. for third-year students. This visit offered a unique opportunity for students to gain practical exposure to the software industry, bridging the gap between academic knowledge and real-world applications.

During the visit, students were welcomed by the team at ProAzure Software Solutions Pvt. Ltd., a leading company known for its innovative software solutions and cutting-edge technologies.

**Industrial Visit to Maa Vaishnavi Jal, Pandharpur on date 22-09-2023**

The Computer Engineering & Information Technology Department recently organized an enriching industrial visit to "Maa Vaishnavi Jal" in Pandharpur for third-year students. This visit was a valuable opportunity for students to explore the operational aspects of a water purification facility and to understand the vital role that such industries play in promoting environmental sustainability. During the visit, students were given an in-depth tour of the "Maa Vaishnavi Jal" facility, where they observed the various stages of water purification and packaging. This firsthand experience allowed them to connect theoretical knowledge with real-world applications, enhancing their understanding of industrial processes and the importance of maintaining high standards in water quality management.

Like every year this year also our college celebrated TRADITIONAL day & Annual Social Gathering-SWARTARANG 2K24. The event was organized that includes various events wherein students were given chance to think, step forward and showcase their talent. These events have their own colour and are very unique in their own way. These includes Dance, Drama, Funny games, Fish ponds, Food stall, traditional dance and a lot more to inculcate teamwork in student compitaion are organized interdepartmental

Like every year, our college once again celebrated Traditional Day and the Annual Social Gathering—SWARTARANG 2K24 with great enthusiasm and spirit. This year’s celebration was a vibrant and colorful affair, packed with a variety of events that offered students a platform to express their creativity, showcase their talents, and engage in healthy competition.

The event lineup was as diverse as it was exciting, featuring Dance, Drama, Funny Games, Fish Ponds, Food Stalls, Traditional Dance, and much more. Each event brought its own unique flavor, adding to the rich tapestry of our cultural fest. These activities were carefully designed to foster teamwork, encourage participation, and create a sense of camaraderie among students.

In addition to the entertainment and fun, SWARTARANG 2K24 also included interdepartmental competitions, where students competed against each other in various categories. These competitions not only highlighted the talents of our students but also promoted a spirit of unity and collaboration within the college.

The success of this event is a testament to the hard work and dedication of everyone involved, from the organizing committee to the participants. We are proud of the enthusiasm shown by our students and look forward to seeing this tradition continue to grow in the years to come.

- 1) Ms. Komal Kambale have published research paper entitled “Covid-19 Test Administration System” under the journal of Recent Trends in Information Technology and its Application by HBRP publication.
- 2) Ms. Jadhav C.P have published research paper entitled” Providing Confidentiality and Integrity for Data Stored On Cloud” under the journal of cloud computing and web engineering by HBRP publication.

**Student Achievement**

- 1) Chavan Mayuri own Zonal level Runner up prize in Atheletics held at Karmayogi Polytechnic, Shelve 2 Kalel Pallavi own Zonal level Runner up prize in Atheletics held at Karmayogi Polytechnic, Shelve.

Computer Engineering  
Department**

Dear Regards,

It is with immense pleasure that we present the latest edition of our department newsletter. This edition is a reflection of the vibrant activities and achievements within our department, and it is filled with a diverse range of content that we are excited to share with you.

In this edition, you will find a variety of technical articles, cultural highlights, updates from the Training and Placement Office (TPO), and a showcase of both faculty and student achievements. These features have been carefully curated to provide you with insights into the dynamic environment of our department, where innovation, learning, and creativity thrive.

We sincerely welcome your feedback and suggestions, as they are invaluable in helping us improve and enhance the quality of our newsletter. Your input will guide us in making each edition even more informative and engaging.

I would like to express my heartfelt gratitude to Hon'ble Shri. Rajaram Nikam Sir, President of New Satara Samuh, Mumbai, and Shri. V. H. Londhe, our Principal, for their unwavering support and valuable guidance. Their leadership continues to inspire us in our pursuit of excellence.

Thank you for your continued support, and we hope you enjoy this edition.
