6	Mr. V. H. Londhe	Member Secretary

Bull

Role and Responsibilities-

Helping in the process of research, academic planning and coordination

- Assisting in the strategic planning for the development and expansion of campus infrastructure.

- Identifying the need for new buildings, classrooms, laboratories, administrative spaces, hostels, or other facilities based on the academic and administrative requirements.
- Preparing plans for campus development, including space utilization, safety standards, and environmental considerations.
- Monitoring ongoing construction or renovation projects to ensure they meet project timelines, specifications, and quality standards.
- Reviewing progress reports and addressing any delays or challenges in construction.
- Ensuring that contractors and construction teams adhere to the agreed-upon budget and scope of work.
- Ensuring effective allocation and utilization of financial resources for building projects and infrastructure maintenance.
- Reviewing budget estimates, approving project budgets, and monitoring expenditure for construction and maintenance activities.
- Identifying and proposing additional resources or adjustments needed for successful project completion.
- Developing long-term infrastructure plans in line with the growth trajectory of the institution.
- Identifying potential areas for future construction or renovation to accommodate increasing student enrollment, new programs, or emerging needs.
- Planning for the integration of new technologies or building enhancements as part of the institution's future development.
- Ensuring that building projects comply with local, state, and national construction laws, regulations, and codes.
- Reviewing necessary permits, approvals, and documentation required for new construction or renovations.
- Coordinating with regulatory authorities to ensure that all required compliance measures are met during construction and for facility usage.
